

Dear Valued Business Partner

We're excited to present you with the following value add that can be embedded into your own website.

- Bond Repayment Calculator
- Affordability Calculator
- Bond and Transfer Cost Calculator
- Bond and Additional Payment Calculator
- Deposit Savings Calculator
- Amortisation Calculator

These calculators are maintained and updated by our IT department so you do not have to change interest rates or fiddle with coding, it's all done for you.

Below you'll find a link that will give you an indication of what the calculator will look like.

The page as you will see is **powered by MortgageMax**

Link: <https://mortgagemax.co.za/embedded-calculator/embedded-repayment/>

MortgageMax

When you **embed** the **embedded code** into your website you **won't** be able to see the URL as per the link above. **It will display your website's information and your own favicon.**

Please do not click on the link below in the coding. This is code and will take you to a completely different page. If you would like to take a look at the calculators powered by MortgageMax click on the link above.

The instructions for embedding the code into your website are as follows:

Start

Insert the code as follows:

```
<!DOCTYPE html>
<html>
<head>
<title>Page Title</title>
</head>
<body>

  <iframe src="https://mortgagemax.co.za/embedded-calculator/embedded-repayment/" width="100%" height="100%" frameborder="0"></iframe>
</body>
</html>
```

Style the code with some CSS to make it fit on your page.

End

Please send us a link to your website after you've embedded the code so that our IT department can take a look at the integration.

*Kind Regards
The MortgageMax Team*
